Re: Dr. Adam Potter

Dear Members of the Tenure & Promotion Committee:

I have the distinct privilege of serving as Dr. Potter's pastor and I am submitting this letter in support of his tenure application. I could say many things in support of Dr. Potter as I find him extraordinarily gifted in a variety of areas, but I will restrict my comments in this letter to his service to our congregation.

Dr. Potter became our congregation's Choir Director in June of 2018. Given his credentials and gifts, I know he could have chosen to serve a larger and more prestigious congregation, but instead he chose to serve our modest congregation. His willingness to make that type of professional decision spoke volumes to me about his character and priorities. Dr. Potter has a heart to serve and he is willing to serve even in circumstances that are, shall we say, less than glamorous.

Dr. Potter, however, was not only willing to serve in a more modest setting, but he was also willing to give his all to the work. It is not hyperbole to say that Dr. Potter has revitalized our church's choir. As a direct result of his musical skills, our choir is performing at a higher level. Because of his charismatic and kind demeanor, our choir is growing in size. People want to be a part of our choir and the reason for that is that they want to work with a person like Dr. Potter. He is like a magnet. He draws people to himself.

Dr. Potter has given himself to our church and our choir. He exemplifies the mindset of our Lord in that Dr. Potter does not want to be served, but rather he desires to serve others. He has a servant's heart and is a servant leader. He is faithful in things both small and great. He is an asset and a blessing to our congregation. I am certain he is, and will continue to be, the same to your organization.

Sincerely,

Pastor Anthony T. Selvaggio
